

Gerald Ganssen, CP co-editor in chief, elected to EGU

The European Geosciences Union announced the election of the next elected president of EGU. Gerald Ganssen, one of the co-founders of *Climate of the Past*, and presently co-editor in chief of this EGU journal was elected and is presently operating as Vice-President of EGU.

The co-chief editors of *Climate of the Past* are proud to have such a distinguished scientist on board of *Climate of the Past* and warmly congratulate him.
