

Prof. Pinxiang Wang **CP editor** **EGU Milancovic medalist**

The European Geosciences Union will celebrate the 2007 medalists during its next meeting in Vienna. Among them is Prof. Pinxiang Wang, China, renowned paleoceanographer, who will receive the EGU Milancovic medal of the Climate: Past, Present and Future Division for his outstanding contributions to the development of paleo-oceanography in the Western Pacific and its paleo-monsoon studies, especially in the South China Sea.

The co-editors in chief of Climate of the Past are proud to have such a distinguished scientist in their editorial board and warmly congratulate him.
